SHUT INS ARE HONORED WITH MOTHER'S DAY WISHES THANKS TO
VISITING HOMEMAKER HOME HEALTH AIDE SERVICE
AND NOTRE DAME INTERPAROCHIAL SCHOOL OF PALISADES PARK

Dozens of elderly shut-ins celebrated Mother's Day this week with extra joy thanks to a joint project of Visiting Homemaker Home Health Aide Service of Bergen County and Notre Dame Interparochial School of Palisades Park. Visiting Homemaker's companions and home health aides brought creative and attractive cards that were made by Notre Dame students to homebound mothers throughout Bergen County, letting them know that they are not forgotten on this day.

The mothers were deeply touched that someone cared. Ninety-year-old Patricia who lives alone with the help of a Visiting Homemaker companion was cheered to know that she was remembered on Mother's Day. "You don't know what getting this card meant to me," she said. Similarly, Nancy summed up her joy at receiving the good wishes in a card, "It was such a happy feeling...this made my day ...I'll keep it forever."

Holidays can be very lonely for elderly shut-ins. Often they have no family or anyone to wish them well on Mother's Day. Visits from their home health aides and companions and receiving cards bring them encouragement and keep them connected to the community.
